GENERAL TORAL SURRENDERS HIS MEN, ARMS AND CITY TO THE AMERICAN FORCES.

Santiago Is Turned Over to the United States and a Spanish Army of 32,000 Men is Taken Captive-- Commissioners Arrange Details of the Capitulation --Spain Still in Ignorance of the Disaster to Her Arms--Queen Regent in Seclusion.

Washington, July 14.—Special—A telegram just received from Gen. Shafter says that Gen. Toral agrees to surrender upon the basis of being returned to Spain. It also says the commissioners will meet this afternoon to definitely arrange the terms. This means that Spain surrenders on the terms dictated by President McKinley. About thirty-two thousand troops are embraced in the surrender. There is great rejoicing.

In the war and navy departments it has been decided to send no more troops to Santiago. The invasion of Porto Rico will now begin if it is found necessary.

Madrid, July 14.—Special—The government has been informed of the surrender of Toral. The news was not unexpected. It has been known here for several days that there was no other alternative.

The news has not yet been communicated to the public

through fear of a popular outbreak. The queen regent is secluded and it is rumored she will leave Madrid and seek safety at Vienna. A strong guard has been placed about Sagasta's home, and others of the ministers are evading the public gaze.

New York, July 14.—Special—It was stated at 3:10 p. m. today that official announcement might be made that the surrender of Santiago had been verified, and that at exactly 3 o'clock this afternoon the city was formally turned over to the United States.

Washington, July 14.—Special—At 4:15 o'clock a confirmation of the reported surrender of Santiago was received and the fact bulletined. The news spread like wildfire, and the capitol was in a blaze of enthusiasm.

Details are lacking, but it is believed that the surrender is practically unconditional, the officers to be released on parole and the men sent back to Spain.

Playing For Delay.

Washington, July 14.—Special—The authorities here have become weary of the parleying of Gen. Toral at Santiago. It is not believed that he has any intention of surrendering, but is simply playing for delay in the hope that reinforcements will reach the city and enable him to successfully resist attack, or that the yellow fever will so weaken the American army as to compel its retirement. It is for this reason that orders were issued to Gen. Shafter to attack Santiago at once, and to pay no further heed to the Spanish commander's requests for delay. It is of the highest importance that Santiago shall be occupied before the yellow fever is fairly on. Once occupied it can be held by a small force of immunes against any attack the Spaniards may be able to make.

Commanders Are Agreed.

Washington, July 14.—Special—Little reliance is placed by officials here upon the alleged disagreement between Sampson and Shafter. The charge that the former is too timid about entering Santiago harbor is believed to be unfounded. There is no doubt there would be much danger attached to an attempt on his part to force an entrance to the port, as mines are known to exist that might blow his ships to pieces. It is believed that a perfect understanding exists between Shafter and Sampson, and that when the time comes the army and navy will be found co-operating for the subjugation of the city.

Provision Ship Destroyed.

Madrid, July 14.—Special—Blanco telegraphs that the steamer Santo Domingo with a cargo of provisions for Havana, went ashore at Punta Cartas. The American blockaders set fire to the vessel, and her cargo was destroyed.

Powder Supplies Destroyed.

Washington, July 14.—Special—It transpires that the American shells dropped into Santiago cathedral the other

day were great peace promoters. They exploded several tons of powder stored in the building, and which was greatly needed by the Spanish troops. The forts and the army are in consequence left with a scant supply of explosives, and are compelled to economize, as there is no prospect of replenishing the store. This fact doubtless had its influence in bringing about the surrender of Toral.

A Peremptory Demand.

Washington, July 14.—Special—The president declines to grant Toral more time. He has ordered Secretary Alger to telegraph Shafter demanding immediate and unconditional surrender under penalty of prompt bombardment, to grant certain terms to the ascending rank and file to the Spaniards, but avoid treachery or delay. He insists that the Spaniards must agree to the American terms in advance.

Little Danger From Fever.

Washington July 14.—Special—Surgeon General Sternberg said this morning that not a single fatality is reported from fever in the army in Cuba. This disposes of so much of the fever scare but indicates that the disease has appeared in a mild form. There is no ground for a panic, though the situation is confessedly grave on account of the terrible conditions existing within the American lines, especially among the refugees from Santiago.

Ready For Action.

At the front, Wednesday night, July 13.—Special—The American land batteries are in position, their guns trained on the Spanish trenches. The fleet is prepared to assist in the bombardment of the city, and the ships lying off Aguadores are awaiting the signal to begin firing.

Working For Peace.

Madrid, July 14.—Special—The Duke Almodovar De Rio now admits that Sir Henry Drummond Wolff, British

ambassador to Spain, has made representations in the direction of peace, but says he did so in a semi-official capacity.

Empowered to Surrender.

Madrid, July 14.—Special—The war office has received notification from Blanco that he has instructed Toral to resist the Americans as long as possible, but empowers him to end the struggle at his discretion.

Wrecking Crews Arrive.

Washington, July 14.—Special—The navy department has been informed that the wrecking vessels sent to Cuba to raise the wreck of the Spanish cruisers have reached their destination.

Going to the Front.

Charleston, July 14.—Special—The Third Wisconsin volunteers are boarding transport Number 30, in which they sail today for Cuba. Gen. Wilson will probably sail on the transport.

Got the Yellow Fever.

Santiago, July 14.—Special—Major Webb, of the Thirty-third Michigan volunteers, was the first to get the yellow fever at Aguadores.

Keeping Close Watch.

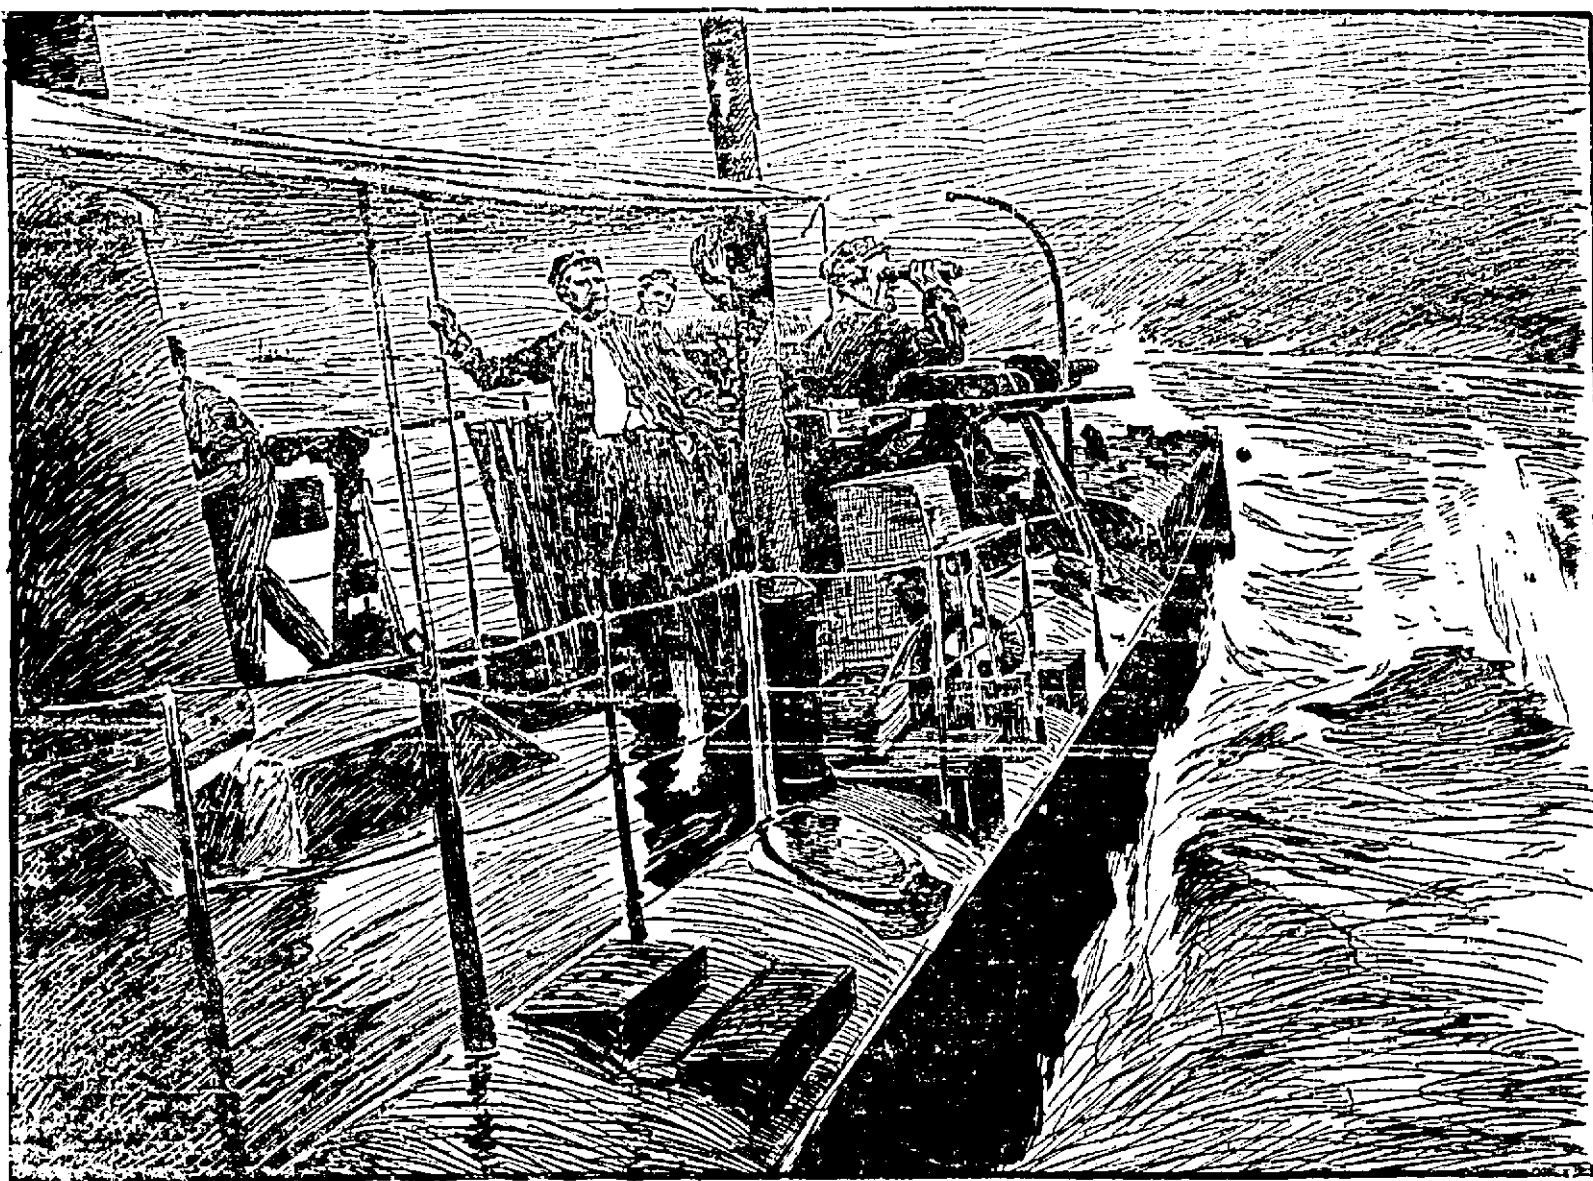

Lisbon, July 14.—Special—The government is anxiously regarding the situation in Spain. A republican rising there would cause a similar rising in Portugal.

A Hint to Spain.

London, July 14.—Special—A dispatch from Berlin says several of the powers have hinted to Spain that peace negotiations should begin immediately.

Told to Hold Out.

London, July 14.—Special—A Madrid dispatch says Toral has been ordered to hold out as long as possible.

TORPEDO-BOAT "ERICSSON" RECONNOITRING UNDER FIRE OFF SANTIAGO HARBOR. FROM HARPER'S WEEKLY.

AFTER A DRAWING BY H. REUTEMANN. Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

The obtaining of accurate information as to the whereabouts and strength of an enemy is even on land a dangerous business, but scouting on the water is doubly perilous. There is no disguising a dispatch boat; there is little possibility of evading detection on the open sea and unlike such operations on the land a marine reconnaissance must be made in full

view of the enemy and often under direct fire of his guns. Such service, however, is quite as essential and important in the navy as it is in the army, and is usually performed by swift running torpedo boats which dash at high speed close to the enemy's fortifications and battleships, and whose course can be changed so quickly and readily that it tests the

accuracy of the most skillful gunner to get a sight on the elusive flyer. From her deck the officers take what hasty observations they can of the hostile forces, and endeavor to form a definite idea of the weak and vulnerable points in the fortifications. Such daring work as was performed, for example, by the Ericsson at Santiago was of invaluable value in the

formation of future plans of attack both to Admiral Sampson and General Shafter. A stirring picture of this exciting episode of the war we produce today from the columns of Harper's Weekly. It clearly indicates the dangerous nature of the work which is the duty of these scouts of the sea.

GAVE HIS PIGS AN OUTING

Unique Concoct of a Walworth County Farmer Who Raises Pork

A well-to-do farmer residing near Whitewater arrived in Janesville yesterday. In his wagon was a litter of handsome Poland-China shoats, which were comfortably bedded and provided with every culinary delicacy of the season that a pig's appetite would be likely to crave. The wagon was beset by a number of pig fanciers who wanted to buy, but the farmer refused to entertain any proposition. "I don't want to sell them," he said. "I was coming to town on a little business, and as the pigs had never been away from home I thought I'd bring them along and give them a chance to see the country." And the farmer took the litter back home with him this morning.

FIREMEN GO TO WAUPUN

They Are Not Prisoners But on Business and Pleasure Bent

A delegation of local firemen consisting of J. O. McGinley, Thomas Abbott, Charles I. Young and Michael Birmingham has gone to Waupun to attend the annual convention and tournament of the State Firemen's Association. About 1,400 are offered as prizes and some of the Janesville fire ladders expect to bring home a portion of the money. The session will include a number of contests, such as running, climbing ladders with and without hose, coupling hose, etc., will take place. There will be other entertainments offered. The firemen will play a game of base ball for their own and others' entertainment. The local delegation will probably be increased today by a number of athletes of more than local renown.

In speaking of the health of the Janesville boys, who are members of Co. A, First Regiment Wisconsin Volunteers, the doctor says that up to July 8, not a single flower City lad was on the sick list, while there has been less sickness in the First Regiment than in any of the other nine regiments on the grounds. He reports all the Janesville boys satisfied with the situation, and all anxious to go to the front.

Janesville Ball Players in Oshkosh May Be Thrown Upon the World.

Morrissey, Crall and Dixon, of this city, who are members of the Oshkosh base ball team, are liable to lose their jobs one of these days, and all on account of the poor patronage their games are receiving from the public. The Oshkosh Northwestern says: "The team as it stands today costs \$600 per month, \$150 per week. The patronage so far has not paid that amount, and in order to meet expenses the management has had to dip into the amount subscribed at the commencement of the season. Inability to secure the park for a game July 4, and the consequent necessity of playing outside both July 3 and 4, beat the team out of at least \$200. Out of the game Sunday only \$40 was realized by the club itself. A \$40 crowd will not pay for a \$125 team."

Salt Rheum Has Disappeared

How It Was Cured.

"Salt rheum appeared on one of my wrists, extending nearly to the elbow. It troubled me for a year. Then it disappeared from this arm and came out on my other wrist and arm, also on my face and head and different parts of my body. The itching was beyond description. No medicine that I tried would do me any good. One day I got a bottle of Hood's Sarsaparilla and began taking it. I found it helped me. I procured another and when I had taken it the itching was relieved, and the third bottle cured the eczema on my face and head. Hood's Sarsaparilla keeps my system toned up and gives me a good appetite." C. E. HAINES, Atkin, Minnesota.

REPUBLICAN CLUBS MEET.

Large Attendance at Opening Session in Omaha.

DELEGATE FROM HAWAII.

President Crawford, in his Annual Address, Extols the Doctrine of Territorial Expansion—Many to Fight for the Position of Head of the League.

Omaha, Neb., July 14.—Facing a stage decorated with a profusion of cut flowers and palms and old glory, the delegates to the National League of Republican Clubs came to order Wednesday an hour later than the schedule called for. The decorations of Boyd's theater were most elaborate. President Crawford called the convention to order, and a prayer by the Rev. Flasher M. Sisson of the Hancock Park Methodist church was followed by reading the official call by Secretary Stine.

John L. Webster of Omaha delivered an address of welcome on behalf of Nebraska, and President Charles E. Winter of the Nebraska State league spoke for his organization, he in turn being followed by Mayor Frank E. Moores, who spoke for Omaha.

President L. J. Crawford of the national league then delivered his annual address. Referring to the war, he said:

"We find ourselves at the beginning of a new era, face to face with new problems in international affairs and in our new relations with the colonies of Spain. We shall solve them all unmoved by any attitude or desire of the alleged 'powers' and without thought of aggrandizement shall solve them all in the interest of justice, humanity and good government. If in Cuba, Porto Rico, the Philippines and the Canaries tyranny and oppression shall give way to freedom and enlightened, progressive government, who, at home or among the other nations of the earth, can justly complain of the formation of new republics, of American protectorates, or even of American territorial expansion? It would be well to consider whether, after co-operating with the Philippine insurgents, and admitting the justice of their cause, we can ever turn those islands over to Spain in consideration of any indemnity or sell them to any nation by way of obtaining indemnity. America has expanded before—as witness Louisiana and Florida, Texas and Alaska—and parties have opposed such extensions—as witness the federalists and the whigs. These parties died; the nation lives."

At the close of President Crawford's speech a telegram of congratulation was sent to President McKinley. Robert W. Shingle of Honolulu was elected as delegate from Hawaii amid cheers for the new territory.

The campaign for the office of president is engrossing much attention. The Pennsylvania delegates are energetically pushing the claims of their candidate, Isador Sabel, of Erie. They say every hour adds to his strength, and confidently assert that he will be elected Friday. E. M. Dingley of Kalamazoo, Mich., son of Congressman Dingley of Maine, is making a warm canvass for the position. J. Cookman Boyd of Maryland is prosecuting his campaign with vigor, and has the active assistance of the Maryland delegation, which is apparently the most encouraging crowd of boomers on the grounds.

Col. W. J. Stone, of California, is also carefully looking after his interests. He desires a re-election as secretary. He is opposed by A. F. Myer of New Jersey, whose boom has been formally launched by the New Jersey delegation.

Among the committee much work was done. Only one contest—that from Illinois—was presented for the credentials committee. This was settled in favor of the "regulars," headed by Senator Isaac Miller Hamilton. The anti-Tanner men will be without representatives if the committee's report is adopted. The committee on time and place for the next national convention heard the arguments in favor of three places which presented invitations. St. Paul made a strong showing, based on its case of access, its facilities for taking care of a convention, etc. Los Angeles urged the advantage of California and Los Angeles in particular. Galveston put in a claim based on the fact that Texas is undergoing political reformation and only needs a little stimulation to become a republican state.

The committee has given no expression of preference, but it seems that St. Paul is clearly in the lead for the location.

Today's program includes two business sessions during the day and a grand mass meeting at the exposition auditorium in the evening.

MINERS MAY STRIKE.

Representatives of 55,000 Men Present a Scale and Ultimatum.

Altoona, Pa., July 14.—Representatives of 55,000 bituminous coal miners of western Pennsylvania and Maryland met in convention here Wednesday to formulate a demand for redress of grievances. A concentrated effort is to be made for an eight-hour day and a uniform scale for hand and machine mining.

The resolution committee, after a brief deliberation, reported a scale that was received with applause. The scale provides for an eight-hour day, a uniform scale of \$1.80 for day laborers, 45 cents a ton for hand-mined coal, and 34 cents a ton for mining and loading machine coal.

The demand for the scale will be made July 20, and if a favorable reply is not received by July 28, 55,000 men have pledged themselves to suspend work on July 30.

1602—Cardinal Mazarin, French statesman, born; died 1661.

1815—The Crystal Palace exhibition opened in New York city. The New York World's fair of 1853 brought together a fine display of American machinery and a variety of foreign products. The building reproduced a Greek cross. It was wholly of glass and iron; length, 265 feet; width, 150 feet.

SENATOR SPOONER.

The Milwaukee Sentinel has this to say of Senator John C. Spooner: "Senator Spooner emerges from the session of congress just ended with fresh honors to his credit that enhance the reputation he won during his previous term in the senate and vindicate the judgment of the people and the legislature that returned him to high office by a unanimous vote. Report from Washington agree that the Wisconsin senator has earned the esteem and respect of the administration and his associates to an unusual degree by the part he has taken in shaping the affairs of the nation during the eventful period through which we are passing. The position he has taken both with reference to the war with Spain when he made a masterly argument against recognition of the insurgents and his opposition to the annexation of Hawaii, have shown him to be a fearless advocate of what he believes to be right. On both these questions he chose to be with minority and remain true to his convictions instead of being carried away by popular clamor. Strength of character, ability and industry have been conspicuously shown in Senator Spooner's work during the recent session. He stands forth as one of the small group of distinguished senators of whom the nation has reason to be proud."

OHIMMIE AT THE FRONT.

"Ohimmie Eadden" is a recruit in one of the regiments at Jacksonville. Ohimmie was on guard the other day. When General Hancock rode up Ohimmie realized that the general was an officer, and made an awkward salute. Then came the following conversation:

The general: "What are you doing here?"
Recruit: "Standin' guard, Wat' er?"
What do you do?
I hauls me freight up an' down dis route about so long, and den I drills over to de tent and gys dat cheap corporal mug dere for a few short moments. Den I drills back here an' hauls me freight again. See?
General Hancock was horrified. He is particularly strict in the observance of all military regulations, and his voice had an ominous ring when he said:
"Man, do you know who I am?"
"No, sir," answered Ohimmie confidently, "you're got me cheated. I never put me lamp on you before."
"Well sir," thundered the general, "I am General Hancock!"
The recruit didn't wilt. He simply turned toward the corporal's tent, put his hands to his mouth and shouted:
"Hey dere youse cheap corporal! Hully gee! Turn out do push! De main guy's here!"
And the next day it rained, but the recruit did not get wet for he was in the guard house.

WHO PAYS THE TAX?

There has been a good deal of complaint concerning the tax on express packages, the customer claiming that the companies should pay the tax, while the companies insisted that the customer should pay. The question is now to be settled in the courts, as a test case has been begun at Topeka, Kansas, where O. W. Traver, bill clerk of the Wells Fargo express office, was arrested for violating the new law. The action was brought by the

States Attorney Lambert to test the law whether the express company or the customers shall pay the tax required for packages. The case will be heard July 19. High authorities insist that the intention was to have the tax fall on the companies, and it is predicted that the court will so decide. Senator John C. Spooner is among the attorneys who insist that the shipper is not the one to be taxed.

STOLE A WATCH
AND AWAY HE RANEXPLOITS OF A YOUNG MAN
JUST FROM DENVER.

Pretended Newspaper Man Who Had Traveled Over the World—Did Not Approve Conduct of the War Or Municipal Affairs—How He Raised the Wind.

R. A. Fouché is a young man with carrot-colored hair, who pretends to be a newspaper reporter hailing from Denver, Colo., and the city police are anxious to meet him. He arrived in the city yesterday morning flat broke, and left this morning with shingles in his pocket. After applying at the newspaper offices here for employment and finding none, he obtained temporary relief for his necessities, and then proceeded to explore the city. At the Valentine School of Telegraphy he saw a watch which he coveted and appropriated, and managed to dispose of it for a small sum of ready cash. He then skipped the town.

He took the watch from Mr. Valentine's pocket, and sold it to S. D. Grubb, who, after ascertaining that it was not "snide," paid the price asked. Officer Appleby recovered the watch which has been returned to the owner.

Criticizes Military Methods.
Fouché was an exceedingly fresh youth. He claimed to have traveled all over the world, and to be particularly familiar with localities and conditions in Cuba. He was free in his criticisms of American military and naval methods and doubtless if President McKinley had known of his existence he would have settled the difficulty with Spain long ago by giving the youth command of the army and navy now operating on the island and its coast. He claimed to have had a wide experience in both the army and navy and to be familiar with many men who are now prominently before the public.

Did Not Like Janesville
It may grieve the city officials to know that young Fouché did not altogether approve of their management of the city's affairs. He objected to the street pavements, and declared that Janesville tax payers ought to insist upon getting more for their money than they were receiving. He also regretted that better judgment had not been used in laying out the public parks and utilizing the river banks for pleasure resorts. This might have been done, he claimed, by the expenditure of only a few hundred thousand dollars. Nor was he pleased with the architecture of our public and business buildings, which was far inferior to those in foreign cities he had visited. The people, too, seemed to lack culture, but this might be remedied by giving them all an opportunity to travel and note how other people lived.

Altogether Mr. Fouché was a progressive young man, and it is to be regretted that by his hasty departure he has robbed Janesville people of an opportunity to improve their opportunities by taking counsel of him.

Arrested at Madison.
As soon as Officer Appleby had been apprised of Fouché's escapade, and had learned that he had left the city, he telephoned to Madison, giving a description of the youth. About 3:30 o'clock this afternoon he received a message from the Capital City stating that he had been apprehended there as he was leaving the train. He will be brought back to this city on the evening train.

HUYKE DESERTED BY FICKLE BRIDE

FORMER LOCAL MUSICIAN HAS
TROUBLE.

Has Been Married Only a Short Time—Bride Claims That She Is Too Young and Acted Hurdly—Her Parents Threaten the Groom—Has Little to Say.

Prof. Henry Huyke, who moved from Janesville to Evansville a short time ago, and who recently took unto himself a bride, is just beginning to realize that the life of a married man is not all that it is cracked up to be. Although a groom of but a few days, he is now minus his bride, she having recently left him, claiming that he cared not for her, and that she was too young to marry, not realizing at the time what she was doing. The young lady's folks are also angry, and threaten to horsewhip Huyke if he ever attempts to claim the girl.

She Makes a Statement.

The unfortunate young woman submits the following interview to an Evansville Tribune reporter:

"My full name is Maggie Amanda Balf, I am seventeen years of age; my father's name is Edwin Balf; my mother died three years ago and I have since kept house for my father with the occasional assistance of my grandmother who is with me now, and my father works for the Baker Mfg. Co. I first became acquainted with Mr. Henry Huyke last January, when I commenced taking music lessons of him on the violin; after about three months he commenced making love to me and young as I was I supposed he was honest with me and was all right; recently my father was told that Mr. Huyke was over 40 years old, had been married twice and failed to properly provide for those who were still living and were obliged to care for themselves as well as other things which displeased my father and he discontinued my lessons with him and objected to our keeping company longer.

The Elopement.

On the morning of July 6, about 7 o'clock, after my father had gone to his work, Mr. Huyke came here to my home and we both rode away together to Albany where we were married, and then went to Brodhead and from there to the home of Wm. Huyke in Magnolia, a cousin of the man I married. The next morning my father came there after me in a great rage. Upon seeing him I immediately came out to him (my father) for I was glad to see him and that he had come for me, for I had come to the conclusion that Mr. Huyke did not care for me as much as I had supposed, from his treatment of me after our marriage. My father was very angry and talked very loud to Mr. Huyke, but Mr. Huyke did not say much to him in reply. I came home with my father; the next morning I went on my wheel back to Mr. Huyke's, in Magnolia, and it was reported that I willingly returned to Mr. Huyke and was determined to live with him, which was not the fact; I simply went back to get my violin, which I had left there, and had no talk with Mr. Huyke nor any one there. I have since had no communication with Mr. Huyke on any matter whatever, for since I learned all about him I care nothing for him and would not live with him under any consideration if I could. I don't know why I went away with him only that I was young and inexperienced and he induced me to. I don't believe he cared for me and only came as he did to spite my father, who did not like him."

PREMIUMS FOR DAIRY PRODUCE

State Fair Management Has Doubled the Value Over Previous Years.

J. W. Thomas, superintendent of the dairy department of the State Agricultural society, has just published his complete premium list for the state fair. Mr. Thomas says:

"I have given this considerable attention with a view of trying to encourage the manufacture of dairy produce to exhibit by making it instructive and increasing the money offered for premiums to nearly double what it has been heretofore and reducing the quantity from three 60-pound tubs of butter to one 60-pound tub, and 150 pounds of cheese to one box; and the awarding of premiums is changed to the more equal and just pro rata plan so that every exhibit of high merit will receive some share of the money offered. The scoring will be done under the rules adopted by the markets of Chicago and New York, and the duplicate score cards will show each exhibitor where he failed or where he might have done a little better."

FILLED A PULPIT TWENTY-FIVE YEARS

REV. M. J. WARD, OF BELOIT,
CELEBRATES HIS JUBILEE.

Is a Badger Born and One of the Few Priests Wearing a Full Beard—Has Had a Long and Successful Career in Various Sections of the State.

Beloit, Wis., July 14.—St. Thomas Catholic church celebrated the silver anniversary of its pastor, Rev. M. J. Ward, last night. Father Ward was ordained to the priesthood twenty-five years ago, and has been pastor of this church for fifteen years, and his congregation took it upon themselves to celebrate the anniversary with a jubilee. The first of the exercises were held in St. Thomas church last night before a large audience. There was a good musical program and Rev. Father J. M. O'Leary, of Minneapolis, made the principal address and in behalf of St. Thomas' congregation presented Father Ward with a lot of rich furniture for his parsonage and an altar robe. Father Ward made a speech in response, expressing his appreciation of the event given in his honor. Music for the exercises was by the choir, Smith's orchestra of Janesville and by Miss O'Connell of Elkhorst, Miss Helen, Miss Keoley and Dr. Purcell and Prof. H. D. Sleeper, of Madison and Miss Kehoe of Beloit. Tomorrow morning there will be solemn high mass with a sermon by the Rev. J. M. O'Leary and a banquet for visiting clergymen.

A Badger Born

M. J. Ward stands high as a lecturer, especially in the temperance field. He is distinguished, also, for his physique, being 6 feet, 7 1/2 inches in height, and is one of the few Catholic clergymen who wear a full beard. He was born Jan. 7, 1847, at Eden, Fond du Lac county, where his mother still resides, and where he spends his vacations. He studied at St. Mary's of the Lake, Chicago, at a Chicago medical school, and later at a law school. He finally entered St. Francis' seminary at Milwaukee, where he applied himself diligently to study for more than seven years, and in 1873 was ordained a priest by Archbishop Hann. Then he was sent to Madison as an assistant pastor. Later he was transferred to Olyman, Dodge county, where he labored for seven years, during which time he built the church at Janesville. From Olyman he went to Benton, Lafayette county, and continued for two and a half years as pastor of St. Patrick's church. In 1883, on the death of Rev. Father Sullivan, of Beloit, he was appointed pastor of the Beloit church, now a congregation of 1,200 members. A few months after he was installed in this city fire destroyed his church, and from its ashes, through Father Ward's energies, has arisen the handsome and commodious edifice in which the celebration is being held.

PERHAPS IT IS A TRAGEDY.

Mysterious Woman Suffering Agony on a Rockford Train.

When the Rockford passenger train on the St. Paul road arrived in the city this morning a woman suffering acute pain was helplessly lying on two downturned seats that had been arranged for her accommodation. She cried aloud at times, so intense was her suffering. No one was with her, and to nearby passengers she stated that she was on her way to Portage.

A Rockford resident aboard stated that just as the train was about to leave the Forest City a crowd back with the suffering woman and three lady attendants drove up. The woman was placed in the train, the conductor was given hurried instructions and the three women left. When the train reached here her clothing was soaked in blood, and she is said to have undergone an operation at a Rockford hospital. Officer Appleby kindly secured a cot here, and the unfortunate woman was placed on it, and then taken into the baggage car and sent on her way.

WISCONSIN BOYS ARE DISAPPOINTED

WERE EMBARKING FOR CUBA
ON GRAND DUCHESS.

Orders Came to Go Back to Camp At Late Hour Last Night—Several Reasons Assigned For Change of Plan—Real Cause Was Probably Santiago's Surrender.

Charleston, S. C., July 14.—[Special]—Late yesterday afternoon both Wisconsin regiments were ordered to embark on the Grand Duchess and Obdan today. The second is ordered to remain here two days at least, and the Third knows not whether it is going now. The orders were for the companies to be ready to embark by noon today, and the transports were to have gone out with the tide. Why the orders were rescinded, no one here knows. There is a report that the Grand Duchess needs machinery repairs, and another that she must coal. At any rate, rations, officers' desks, cots and bedding, shovels, machetes and wire snippers the loading of which required labor far into the night, were removed. The tangle was left aboard the Grand Duchess, which lends color to the belief that the boat will be the Second's transport after coaling and repairs. Great disappointment is felt over the change. There is a lull in the Third's movement, and they may remain until the Second goes.

Private Fendermacher of Co. O, of Oaklath, died last evening of heart failure.

Assistant Surgeon Morris, of Oaklath, originally with the Second and transferred to the Third when the troops sailed, comes back to the Second today.

Irving Orcutt Meets With Death and His Brother is Badly Hurt.

Milton, Wis., July 14.—[Special]—Irving Orcutt, the sixteen-year-old son of Mrs. Flor. Orcutt, living near Otter Creek, was the victim of a fatal accident Wednesday afternoon. Himself and brother were drawing hay from the field, when the ladder of the rack gave way, frightening the horses and they ran away. The older brother was thrown against a barb wire fence and badly cut, but living when found. He was unconscious and died soon after. A large bruise on his breast indicated that a blow there was the cause of death. The family have the sincere sympathy of the community in their great affliction.

AMERICAN SOLDIERS MODELS

Congressman Jenkins Pays a Tribute to the Rank and File.

Congressman Jenkins has returned to Wisconsin for a brief stay among his constituents. He stopped off at Milwaukee yesterday, and in speaking of the American soldier volunteers said:

"So far as the war is concerned, the authorities at Washington are looking for peace to come at any time. Let me say that the American soldier is a model. I have looked over whole regiments of them and have been unable to find a flaw. I think the ranks are ahead of the line officers, but I suppose this is one of the results of our system. No, not political influence, but the officer does not like to 'lord it' over his fellow citizen in the ranks, and as a result, he may go to the other extreme. The men in the ranks, however, are simply grand fellows, and the country may well feel proud of them."

ODD FELLOWS GIVE ANNUAL PICNIC

CRYSTAL SPRINGS PARK WAS
THROGGED TODAY.

Good Sized Crowd Spent the Day Up the River—Imperial Band Played, and Plenty of Attractions Were On Hand—Dance Will Be Given This Evening.

Odd Fellows, their families and a host of their friends took possession of Crystal Springs Park today, the occasion being their annual picnic. The program that had been in course of preparation several weeks past was carried out today without a hitch in the proceedings. The weather was all that could be desired from early morning till late, being an ideal one for a picnic.

Went In Large Numbers

At 10 o'clock the first boat of the day left the city in charge of Captain Alex Buchholz, who had everything prepared for the comfort of his guests. A good sized del-gation with well filled baskets in hand took passage on the first boat rather than go on the more crowded boats of the afternoon and evening. The grounds had been prepared for the day's festivities and there were numerous attractions on every hand.

At noon an old fashioned picnic repast was served by those who took the early boats, and there was nothing lacking in the way of good things to eat. The Imperial band paraded the business streets of the city, rendering several selections, before marching to the boat landing.

On the afternoon boats the crowds became thicker, and by three o'clock picnicers were in possession of every available portion of Crystal Springs park. Amusements of a varied nature were on the program during the entire afternoon.

Athletic Contests.

Following is a schedule of the athletic contests, which created no end of amusement:

For the Tug of War—Box of Bill Baxter cigars.

Boys' Race (under 12 years of age)—Cup and saucer.

Pat Men's Race—Inkstand.

Lean Men's Race—Cigar holder.

Potato Race—Oatmeal set.

Little Girls' Race—Vase.

Rebekah's Race—Perfume casket.

Bowling Contest (best score in six games)—Gold cuff links.

Sack Race (between 12 and 16 years old)—Pearl earring pin.

The picnic was a success in every way, which merely adds another to the annual events of unusual pleasure for which the Odd Fellows of Janesville are deserving of much credit.

The day's festival will be brought to an end this evening by a dance in the large hall on the grounds, for which Smith's full orchestra will play.

Moves from Camp Alger.
Washington, July 14.—Brig.-Gen. Corbin, commanding the Third brigade at Camp Alger, has received orders to transfer his brigade to the Crittenden farm near Dunn Loring, Va. Some officers express the opinion that the change of location was ordered to lessen the amount of hauling necessary to provide supplies for the brigade. It is generally thought, however, that the real cause was the recent agitation of the sanitary condition of the camp.

Army Opposes Peace.
Madrid, July 14.—The army is violently opposing the peace negotiations which the minister of war has laid before the queen regent. Reports have been received from the regulars in Spain and Cuba and the Cuban volunteers, and all of them denounce the idea of surrendering. The military journals are publishing inflammatory articles against peace and the government is in a quandary.

Corbett-McCoy Fight Is Off.
New York, July 14.—William Gray of the Hawthorne Athletic club, Buffalo, did not meet George Considine, the representative of Corbett, and sign articles of agreement on behalf of McCoy Wednesday. Considine has declared the match off, and all negotiations looking to a meeting between the two men are at an end.

PERISHED IN FLAMES.

At Least Three Lives Lost in a Fire at Racine, Wis.

Racine, Wis., July 14.—One of the most disastrous fires in the history of Racine broke out at 3:30 o'clock Wednesday afternoon in the vanishing-room of the Racine Malleable and Wrought Iron works. Three persons are dead, twelve or more injured, and eight reported missing. The following are the dead:

JOHN KEEFE.
GUS KNOFSKI.
ADELBERT HOLLISTER.
Among the injured are:
James Dunlavy, both legs broken.
Chris Poulson, leg broken.
George Case, cut and bruised on head.

Fred Potts, arm broken in three places.
John Sigwardt, hurt internally and seriously burned.

Chris Bolton, burned and bruised.
George White, burned and bruised.
Albert Miller, leg broken and injured internally.

Fred Pultz, ankle broken.
Gustav Korczek, face, arms and hands burned.

John Galligan.
Charles Scheller.

A number of other injured went to their homes before their names could be ascertained. It is not believed that any of these were seriously hurt.
Eight men were reported missing, and it is feared some of these may have perished in the fire.

The scenes attendant on the fire were heart-rending. Wives and relatives of men imprisoned in the fire-trap appeared in the crowds, and their moans as the men came to the windows and cried for help were most pathetic. Men on the second and third floors in their haste to get out their belongings blocked the stairway with bicycles and shut off escape for those less fortunate in getting to the ground floor.

Only the office and the foundry on the east side of Geneva street were saved. The property loss will reach between \$75,000 and \$100,000, with insurance of \$66,000.

MISSION BOARDS MAY JOIN.

Religious Bodies Discuss Plans for the Conquered Islands.

New York, July 14.—A meeting of representatives of various religious bodies was held Wednesday in the Presbyterian building, Fifth avenue and Twentieth street, to devise the best way to utilize men and money and avoid waste, strife and duplication in proposed missionary and educational work in the Philippine Islands and the West Indies.

The meeting developed the fact that seven different mission boards have either undertaken work in Cuba or expect to undertake it immediately. The Spanish power is driven out. Three boards propose to undertake work in Porto Rico, and three boards also contemplate work in the Philippines.

Promoted for Bravery.

Washington, July 14.—The president has directed the promotion of Lieut.-Col. W. S. Worth, Thirtieth Infantry; E. B. Liscum, Twenty-fourth Infantry, and E. P. Ewers, Eighth Infantry, to the grade of brigadier-general, in recognition of their gallant and meritorious action in the operations about Santiago de Cuba.

Baptists Pledge to Buffalo.

Buffalo, July 14.—Large delegations from New York, Chicago, Cleveland and western Pennsylvania are here to attend the eighth annual convention of the Baptist Young People's Union of America, which held its opening session this morning. Fifteen thousand delegates are expected.

Earnings of Michigan Roads.

Lansing, Mich., July 14.—Prosperity has struck Michigan railroads this year, and the indications warrant the statement that the total will be 25 per cent greater than that of 1897.

CONSULTING A WOMAN.

Mrs. Pinkham's Advice Inspires Confidence and Hope.

Examination by a male physician is a hard trial to a delicately organized woman.

She puts it off as long as she dare, and is only driven to it by fear of cancer, polypus, or some dreadful ill.

Most frequently such a woman leaves a physician's office where she has undergone a critical examination with an impression, more or less, of discouragement.

This condition of the mind destroys the effect of advice; and she grows worse rather than better. In consulting Mrs. Pinkham no hesitation need be felt, the story is told to a woman and is wholly confidential. Mrs. Pinkham's address is Lynn, Mass.; she offers sick women her advice without charge.

Her intimate knowledge of women's troubles makes her letter of advice a wellspring of hope, and her wide experience and skill point the way to health.

"I suffered with ovarian trouble for seven years, and no doctor knew what was the matter with me. I had spells which would last for two days or more. I thought I would try Lydia E. Pinkham's Vegetable Compound. I have taken seven bottles of it, and am entirely cured."—Mrs. JOHN FOREMAN, 26 N. Woodberry Ave., Baltimore, Md.

The above letter from Mrs. Foreman is one of thousands.

Italy Looking for Trouble.

Washington, July 14.—The state department has been notified that the Italian government has determined to adopt force in securing the payment by the Republic of Colombia of the arbitration award made by President Cleveland in favor of Ernesto Cerruti, an Italian citizen, amounting to \$250,000. To this end the Italian government has summarily closed diplomatic negotiations with the Colombian minister at Rome, and has notified Admiral Cancliani to proceed with the Italian squadron to Cartagena, Colombia, and there adopt forcible means to collect the amount.

No One for Dictator.

London, July 14.—The Madrid correspondent of the Standard says: "The idea of a military dictatorship, or even a military government, is losing ground, mainly because Spain possesses no popular or prominent military leaders, the collapse in Cuba having damaged the prestige of Marshal Campos and Gen. Weyler. The latter has coquetted with the Carlists and extremists to such an extent that he is now viewed askance by all parties."

Will Have to Cut Wages.

Columbus, Ohio, July 14.—W. P. Rind of Chicago said in an interview that Ohio coal operators could not continue to pay the Chicago scale of mine wages. West Virginia coal was coming into their market from mines where the United Mine Workers' association was unable to enforce the scale, and it was slowly but surely taking the market from the Ohioans.

The wall of a large store was cracked, but no other damage is reported in the city. At Petitionville, some miles from here, in the hills, several houses fell.

...LATE NEWS BY TELEGRAPH...

IS THE LAST DAY OF GRACE.

Santiago Must Be Ours Before Nightfall.

ULTIMATUM IS DELIVERED.

President McKinley Has Made Every Concession Possible—Fear of Yellow Fever Hastens the Decision to Attack the City at Once—Miles in Command.

Playa del Este, Guantanamo Bay, July 14.—Maj.-Gen. Miles has assumed command of the army around Santiago and the future movements of the United States troops will be directed by him in person.

The armistice which has been declared, pending negotiations for the surrender of the Spanish forces, expires at noon Thursday and unless the demands of the Americans are acceded to by that time a general attack will be made, the fleet bombarding the city from outside the harbor.

It is believed, however, that the city will surrender.

The terms of surrender insisted upon by the American commander take in not only the beleaguered Spaniards in Santiago, but the whole province of Santiago de Cuba, including the garrisons at Manzanillo, Holguin, Guantanamo and Baracoa.

The United States, on its part, agrees to send the Spanish troops back to Spain and to allow their officers their side arms. No other concessions will be granted.

The appearance of yellow fever has determined the authorities upon a more active prosecution of the campaign. Orders have gone or soon will go forward to Gen. Miles to discuss no more with the Spanish commander the terms of surrender, but to proceed to assault the town with all the force at his command as soon as the present truce expires. It is expected by Miles that the navy will co-operate, and while Secretary Long has received no direct advices on that point from Admiral Sampson, he fully credits this expectation.

Reluctant as the war department is to sacrifice the many lives that might be lost in assault, it is deemed to be better policy to make it than to allow the men to rot away with fevers and other diseases during the long period that would be required to perfect the reduction of the city by steady investment.

An expectation is still entertained here, however, that this assault will be unnecessary through Toral's surrendering before it begins. It was perhaps the spread of this belief, caused by a knowledge of the more energetic steps in prospect, that tended to remove largely the feeling of depression manifested at the opening of the day upon the circulation of rumors of the appearance of yellow fever in the American camps.

Regarding the future of Santiago, nothing has been officially stated, but it is significant that orders have been issued from the department to prepare the first and second regiments of volunteer immunes for immediate departure for the front. This would seem to be indicative of a purpose on the part of the government to garrison Santiago with these fever-proof men after its capitulation, thus permitting the removal of the regular troops to more healthy points.

Eliminating 3,000 killed, wounded and sick, Gen. Miles has now under his command an available force of 21,873 men.

SPAIN TO EVACUATE CUBA.

Washington Star Claims to Have Fathomed Peace Negotiations.

Washington, July 14.—The Star claims to be in a position to announce authoritatively that an active exchange of views occurred Monday and Tuesday between the diplomats who are endeavoring to arrive at a peace understanding between the United States and Spain. It also understands that the Spanish government is ready to agree to evacuate Cuba if her soldiers are allowed to depart in a manner acceptable to an army which has not been defeated and if the United States is ready to assume the Cuban debt. The greatest difficulty is with the question of a war indemnity, but a solution of this may perhaps be found in a proposal from a syndicate of American and English bankers to repay the United States its war expenses in twenty annuities, taking in return the tobacco monopoly and the railway concessions in Cuba and the Philippine Islands. It is rumored that if Spain will surrender without further bloodshed President McKinley, in order to facilitate peace, may abandon the attack on Porto Rico. If the pending peace negotiations succeed the queen regent will appoint a Moret cabinet to sign the articles of peace.

The Star adds that at the last moment it learns Spain has expressed its readiness to cede to Germany the Vlasz Islands—Samar, Leyt, Mindoro and Paragua—provided Germany will guarantee to Spain the possession of Mindanao and the Carolines, in which case Spain will abandon Luzon to the United States.

MEDICAL CORPS CONFIDENT.

Surgeons in Cuba Expect to Defeat the Yellow Fever.

Washington, July 14.—Secretary Alger and Secretary Wilson remained at

the white house last night until nearly 12 o'clock, waiting for dispatches from the front, but none was received. Earlier in the evening Secretary Bliss was also at the white house. The situation, as affected by the outbreak of yellow fever, was discussed at some length.

The president is greatly concerned, as is the secretary of war, but assurances have been received that the medical corps is fully able to cope with the disease.

A rumor was afloat that Gen. Duffield was one of the victims of yellow fever, but no official information on this subject was obtainable.

Cuba Campaign May Close.

Washington, July 14.—It is believed that unless there is a very material improvement in climatic conditions the fall of Santiago and the surrender of the Spanish army there will close the campaign against Cuba until the rainy season shall have passed. Whether this will involve the return of the army to the United States is not now known, but the presumption is that with the fall of Santiago the army will be re-embarked on transports and sent to the United States, where the troops will remain until October, or even later, before making a general movement on Porto Rico and Havana.

Toral's Defiance Is a Bluff.

New York, July 14.—The Tribune publishes the following dispatch from Siboney, dated July 13, via Kingston, Jamaica: "Gen. Toral's defiance is assumed for the purpose of strengthening himself with the military faction at Madrid and avoiding responsibility for a surrender. Reinforcements have gone forward, and the extreme right and flanks of the investing forces have been strengthened. Progress with the artillery is slow, and the land range of the Santiago fortifications is still doubtful. The Spaniards have not yet retired from the main outer intrenchments."

Urgo Spain to Peace.

London, July 14.—The Berlin correspondent of the Standard says that representatives of several of the continental powers have confidentially hinted to the Madrid government that negotiations for peace ought to be begun immediately. They have also advised Spain to cede one or more islands to the United States as security for the payment of an indemnity and to convert the Philippines and other colonies into republics under Spanish suzerainty.

No Hope from Germany.

London, July 14.—The Times, commenting editorially upon the situation, says it thinks the outbreak of diseases among the American troops and the news of the Irene incident may decide Spain to continue the war, but it dissuades her from such rashness, which will only have the result in more onerous terms of peace later, as it is quite illusory for Spain to hope for real help from Germany.

Portugal Fears Trouble.

Lisbon, July 14.—The government is anxiously regarding the internal situation in Spain. A republican rising in that country would certainly stimulate a similar rising in Portugal, where republican ideas are strong and widespread. The government has recalled the military officers who are on furlough, preparatory to placing troops on the frontier. The summoning of the reserves is contemplated.

Will Go in Wisconsin's Fifth.

Madison, Wis., July 14.—Adj.-Gen. Boardman has issued an order accepting twelve companies to complete the Fifth regiment of the Wisconsin national guard. The cities represented are Chippewa Falls, Rice Lake, Eau Claire, Ashland, Rhinelander, Waupun, Port Washington, Oconomowoc, Milwaukee (two), Reedsburg and Kenosha.

Says Spain Must Choose.

Paris, July 14.—The Temps, referring to the peace rumor, says: "Spain has to choose between an arrangement with hard conditions attached and absolute bankruptcy. Moreover, it depends upon her to avert by opportune action grave international complications, by which she will earn the gratitude of the civilized world."

To Oppose American Policy.

London, July 14.—The Berlin correspondent of the Daily Mail says: "The idea of forming a central European coalition, consisting of the triple alliance and its immediate neighbor, to oppose the expected increasingly hostile commercial policy of the United States is gaining ground in Germany."

Charge Unnatural Warfare.

Madrid, July 14.—The newspapers here publish a statement to the effect that the Spanish minister of marine has "secured proofs that the Americans used incendiary projectiles, thus explaining the burning of the Spanish ships at Cavite and Santiago de Cuba."

NEW VICTORY FOR DEWEY.

Five Hundred Spaniards Captured by the Admiral.

GERMAN CAPTAIN REBUKED.

Commander of the Irene Had Protected Spanish Troops from the Insurgents—Dewey at Once Dispatched the Raleigh and Concord to the Scene.

Manila, July 9, via Hongkong, July 14.—The insurgents on Wednesday July 6, reported that the German boat Irene, in Subic bay, refused to permit them to attack the Spaniards on Grande Island. Rear Admiral Dewey promptly dispatched the Raleigh and Concord to investigate the matter. On entering Subic bay the Raleigh opened fire on the forts, whereupon the Irene slipped her cable and steamed out by the other channel.

The result of the fire of the American warship was that Spaniards, numbering over 500 men, surrendered everything.

On returning to Manila the Irene explained that she interfered "in the cause of humanity," and offered to hand over to the Americans the refugees she had on board. Admiral Dewey, however, declined to accept them.

Captain General Augusti has issued a proclamation promising to grant autonomy to the islands and offering the insurgents inducements to join the Spanish forces. General Aguinaldo, the insurgent leader, in reply, said the overtures of the Spanish commander came too late.

THIRD CALL IMMINENT.

Should the Troops March on Havana One Will Be Issued.

Chicago, July 14.—Second Lieutenant Carl Darnell, U. S. A., a graduate of West Point awaiting orders from the war department, was in Chicago today. He visited the headquarters of the various provisional regiments and gave out information of an interesting and encouraging nature.

"The fate of Santiago will decide whether or not more troops are needed," said Lieutenant Darnell. "If Spain does not cry enough and it becomes necessary to move on Havana, then there will be another call for volunteers and many men will be needed. In the opinion of the war department the president's new call will be for not less than 300,000 soldiers. This will draw heavily upon the different states. There is a hope that there will not be much heavy fighting after Santiago has fallen, but it is impossible to tell now what the future will bring forth."

Rebels to Attack Manila.

With Admiral Dewey's Fleet, Manila Bay, July 9 (via Hongkong, July 14).—The insurgents are concentrating all their forces around Manila in a supreme effort to capture it. A general attack on the city is expected. The desire of the natives to possess themselves of the Spanish capital before the Americans begin a land attack is very great. The Monterey and the second detachment of troops are expected to arrive July 17, and the insurgents wish to take Manila if possible before that day.

Thousands of persons have been cured of piles by using DeWitt's Witch Hazel Ointment. It cures promptly and cures the cause and all skin diseases. It gives immediate relief. People's Drug Co., East Milwaukee street.

Agents of the internal revenue department are now in Wisconsin looking after the interests of the government in this regard. They are seeing that all the government offices are provided with stamps of every denomination that may be required. Balloonkeepers, druggists and merchants, who handle proprietary articles upon which Uncle Sam has placed a tax in order to raise money to carry on the war, will therefore do well to take an immediate inventory of their stock to see that every bottle and package bears the proper stamp. There has been such wide publicity given the law that the government believes there can be no adequate excuse for not paying the tax, excepting the desire to defraud the government by dodging payment.

A misapprehension seems to exist as to the liability of druggists who sell patent medicines. The manufacturers of these articles are the ones who are liable to pay for them, through the increased cost of the articles. The manufacturers have raised the price of their articles to cover the cost of the stamps, and in some cases to more than cover it.

BUFFALO BILL'S BIG SHOW

It May Not Visit Janesville This Year But is Coming West

One of Buffalo Bill's advance agents was in Janesville yesterday, but not for the purpose of billing the show here. The Wild West aggregation is coming to Wisconsin next month, but the chances are that they will not pitch their tents in the Bower City. The business they do here last season was not satisfactory. The main feature of the show this year is the good riding, in which is included soldiers from the English lancers, of the British army, a detachment of German Cuirassiers from the emperor's own regiment, and a company of Russian Cossacks. They will show in Oshkosh, August 2.

PAY A VISIT TO LAKE GENEVA

Large Number of Excursionists Take Advantage of Cheap Fares

Nine excursionists from this city spent a day at Lake Geneva. The cheap rate excursion that was offered by the Chicago & Northwestern road from this city today—a dollar for the round trip—had the effect of taking out this delegation. In some instances whole families went, well supplied with lunch baskets. The excursionists were taken aboard as far north as Jefferson, and when the train reached here a large delegation were aboard. The local officials are well pleased with the good showing that the Bower City made.
